AUDITORIUM TO BE BUILT ON LOT DONATED BY SHINN

Ground will be broken the last of August or the first of September for the new memorial American Legion building to be erected on the corner of First and E streets in Niles, according to announcement at the session of the Washington Post held Tuesday evening. The structure wil cost from $30,000 to $40,000 and is to be built in Spanish Mission style.

The lot on which the building will stand was donated to the American Legion some time ago by J. C. Shinn of Niles. It is 100 feet wide and 150 long, the greatest length being along the new street to be opened and to be known as E street, continuing the thoroughfare running beside the Niles Grammar school through the adjacent block to First street. The building which will be "L" shaped will face on E street.

The American Legion and the town of Niles, as well as Washington Township as a whole are to be congratulated upon the acquisition of this splendid property and the proposed building which will result to the benefit not only of the legion but to the general public as well.

The new memorial auditorium will be a fitting second to Niles' first elaborate edifice, the Jane R. Clough Memorial Library, recently donated by Mr. and Mrs. Wm. Ford. Which reminds us of our slogan, "Watch Niles Grow!"

Here's to the next new building—the City Hall of Niles, incorporated.

SUPERVISOR RALPH V. RICHMOND OF NILES CANDIDATE FOR RE-ELECTION

Supervisor Ralph V. Richmond

SUPERVISOR RALPH V. RICHmond, of Niles, who represents the First Supervisorial district of Alameda county on the Board of Supervisors is a candidate for re election and his official announcement appears in another column of The Township Register.

Supervisor Richmond has served his constituents in a most painstaking and worthy manner for the past four years when he was chosen to represent his district which comprises the townships of Washington, Pleasanton and Murray.

He has personally supervised the highway improvements in every section of his district and has been in a large way personally responsible for the new bridges and road improvements in Washington township and other townships in his district.

Always on the job and always ready to listen to the demands of his constituents, Supervisor Richmond has made an enviable record as a real working supervisor, devoting his entire time to the position which he was elected by the people to occupy.

His candidacy is endorsed by leading citizens and tax-payers from every portion of the First Supervisorial district, and that is a whole lot when it is considered that his district extends as far east as the San Joaquin county line and as far south as the Santa Clara county line, west to San Francisco bay and north to the boundary of Eden township.

Entering the campaign in a whole hearted manner. Supervisor Richmond will make a clean and straight forward fight to retain the position he has so enviably filled for the past term.

Stitches That Go In Must Also Come Out

A stitch in time saves nine and vice-versa, taking out several may be just as important as the initial sewing in the case of Dr. W. L. McWhirter vs. Andy Lopez. Several days ago Lopez came into Doctor McWhirter's office with a severely lascerated head, seemingly having been beaten with a blunt instrument. The doctor fixed him up and told him to come back at a certain time to have the sewing un-done. Either Lopez didn't understand or minimized the importance of directions and now the constables are on the look-out for him as Doctor McWhirter wishes to finish the man's treatments.

Nearly 200 veterans of foreign wars enjoyed their annual picnic in Niles Canyon last Sunday. After a noon-day lunch the veterans and their families enjoyed games and the various swimming holes.

STORY HOUR AT LIBRARY HAS 25 AT FIRST MEET

Mrs. Murray and Mrs. Bendel Congratulated Upon Its Success

The first children's story hour at the Niles Free Public Library held Monday afternoon with Mrs. Roland Bendel in charge, went over with a bang! Figuratively speaking, of course, for all twenty-five children who enjoyed the two stories given were as still as the proverbial mice and demonstrated their utmost satisfaction with the new program being offered for their entertainment and enlightenment.

Much credit is due Mrs Emma Murray, local librarian, for her efforts in assembling the large crowd of children for the story hour. Mrs. Murray attended to the newspaper publicity, had announcements made in the Sunday schools and personally invited a great many of the Niles children who came to the library during the week. She feels that due to the vacation period, the fact that the story hour is new and this was the first meeting, the attendance was most encouraging. Most of the children asked for books following the story hour.

Every child in Niles of the age from 6 to 12 is invited to attend the story hour each Monday afternoon at 2:30 o'clock at the library. Mrs. Bendel will tell two stories at each meeting.

Those present Monday were: Edwin Naphan, Janet and Yvonne Vieux, Mary Gertrude Coley, Avnes Trinchero, Florence Martinelli, Mamie Mesquite, Melvin Santos, John Cattanes, Joe Robello, Jean Catterlin, Anthony Souza, Mary Souza, Billy Booras, Buddy and Barbara Kibby, Beverely Smith, William Silva, Tommy Estudillo, Jack Scott, Laurence Martinelli, Alfred Valentine, Joe Marie, Winnie Bendel and Roland Bendel, Jr.

A FINE THING TO DO.

WE GROW!

Progress is not an abstract thing for this good town—something just around the corner, a fond anticipation. It is here.

Today's Township Register tells the good news that the American Legion will erect a memorial hall on the corner of First and "E" streets. The building will cost $40,000 and be a thing of beauty and a wonderful civic asset.

Through the public spiritedness of J. C. Shinn the splendidly located lot on which this shrine will rise, was presented to the World War heroes of Washington township as a gift.

Niles is, indeed, fortunate in the type of citizens she possesses. Those with means are liberal and forward-looking. Their generosity is whole-hearted and without gladsome hope of public acclaim and civic adulation. It is spontaneous and wholesome.

It is such municipal consciousness and helpfulness, as epitomized in the personalities of W. H. Ford and Mr. Shinn, that is putting this town into the ranks of cities making forward strides in California. The Township Register compliments these men, together with others, who are forgetting personal profit that the community as a whole may be richer in things of beauty and usefulness.

The American Legion of Washington township is demonstrating that it, too, is living up to the traditions set by similar live organizations which fought together that democracy might not perish from the earth.

The new home, ready for occupancy in October or November, will give an artistic touch to Legionaires' business and social contact. It will be a home to which the boys may well be proud to invite visiting veterans.

In bringing this dream to fruition, the moving spirits in the enterprise demonstrate splendid financing ability and dogged determination, commendable in its high purpose and patriotic motives.

The Register salutes the Washington Post of the American Legion, and our hat is off to that fine citizen, J. C. Shinn.

Now, citizens, on to Incorporation!

A POLITICAL RELIC!

HARRY CHANDLER'S man "Friday," known better in these parts as Grandma Friend Richardson, ain't goin' to run for senator. The old lady had everything "set" waiting for the O.K. of the boys who mix political medicine across the bay in 'Frisco.

His little petition was all signed up and stamped with the great seal ready to slip to the county clerk of Alameda county, and then the old reactionary guard, in whose service he has long labored, gave him the stony stare, and he slunk off to his tent amid the intelligentsia of Berkeley.

But before he threw up the sponge, he probably conferred with the Hoover managers in California, jockeying for an appointment as counsel to the Fiji Islands or some other comfortable berth, as the price of staying out of the race, thus giving Hiram a clear field that this true statesman and gallant native son might campaign in the East for Hoover.

Put Cycol on Trial in Your Motor
Stability The new Cycol will stand the hardest kind of usage. It is refined to meet the severer conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.
No Acids The new Cycol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.
The new refining process of Cycol is different in every respect. It selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting at the same those elements which readily break down under engine heat and cause excessive carbon deposits.
So Cycol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.
Less Carbon As to carbon, Cycol like all other oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.
And even more important, the carbon that is deposited by Cycol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.
Prove it Yourself For these reasons you will find that Cycol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon trouble.
So fill your crank case with Cycol. You can identify it by the new transparent green-gold color.

Sunday evening the state officers for the coming year will be installed by E. P. Bates. Dr. Ezra Allen Van Nuys. one of the leading Presbyterian pastors of California, will give the closing address.

The great success of the last endeavor convention held in Berkeley, in 1996, should be unsurpased by this Forty-first convention on July 4-8.

Harold Cross, most popular of California Endeavor songleaders, will be another of the many features.

Dr. Edward Haskell, Congregational missionary recently returned from Bulgaria. was decorated by King Boris for his educational activities in that country. "Crusading With Our Victorious Christ in the War-Torn Balkans" will be the subject of his address.

Fifteen county unions have gone over the top in their registrations for the state convention. This is the largest number on record.

"EARTHQUAKES BETTER THAN CYCLONES" WRITES MRS. JESSIE HIGLEY WEATHERS

"California and its earthquakes have nothing on Oklahoma and its cyclones," writes Mrs. Jessie L. Higley Weathers of Lenapah, after experiencing the severe cyclone which struck that little town on June 8, her graphic description of the storm and its havoc giving a vivid picture of the ravages of the elements and the resulting destruction.

Mrs. Weathers formerly lived in Niles, being the second president of the Ladies' Guild of the Congregational church. Her husband, Mr. Higley, was Southern Pacific station agent and shortly after his transfer from Niles passed away.

Mrs. Weathers is a subscriber to The Register and writes that she enjoys the paper and its news about old friends very much. Her letter in part follows:

At 12 o'clock midnight, June 8, a cyclone swooped down upon the little village of Dewey, Oklahoma, a few miles from Lenapah, leaving death and destruction in its wake, two men and one woman paying the toll. From Dewey, it hopped over to our peaceful little hamlet, Lenapah, took a "tail spin," staging a performance which was terrorizing. The electrical display rivaled any fourth of July fire works. It was one great roar and slam-bang from start to finish before it traveled on. The great funnel-shaped cloud could plainly be seen rising and falling as the lightning was continuous, cracking and snapping ominously. Electric wires were torn down, from which great balls of fire were bounding about; trees were torn up by the roots, porches ripped off, shingles scooped off flying in every direction; tore down two immense tin hay barns in which hundreds of bales of hay were stored; blew out 21 windows in the high school building, seven in the bank, beside windows in many homes, rain pouring in over furniture and rugs. The high school garage which houses the ten big auto busses used for transporting children from outlying districts to Lenapah high and grammar schools was torn down, busses scattered and torn from their chassis—all of this, together with the roar of the wind, the snapping and cracking of the lightning, the great slabs of tin cavorting all over town from the hay barns, hitting everything in their path. You can imagine the pandemonium! The next morning this little hamlet presented a sorry sight, with the great bales of hay which had been tossed about and torn apart, tin ware from the barns and garages; uprooted and broken trees together with hanging porches, scalped roofs. All small out buildings were strewn everywhere; chimneys gone, inter-urban trains blocked with bales of hay, lumber, slabs and strips of tin, electric wires hanging and swaying, awnings scattered all over Main sreet, etc., etc. The picture was appalling. Instead, however, of bewailing losses and damage, the people of Lenapah gave thanks to God that lives were spared in the skirmish. Decisons as to where to locate permanently when there is no longer any necessity for remaining in Lenapah had its solution the night of June 8, at least for one family. California and its earthquakes have nothing on Oklahoma and its cyclones.

Thrills are often enjoyable—not however, when people, houses and trees must be tossed about in the air like so many golf balls in order to stage one.

During the storm I promised myself if I lived through it I would take the first train out for California. However, I have decided as long as I am not a "Dead game sport" I will be a "Live game sport" and wait until December, 1929, when I can make my exit gracefully—providing I am not catapulted out in the interim.

SERVICE CLUB ADJOURNS FOR VACATION TIME

Centerville Circulating Petition for Street Paving Body

Discussion of the electric street sign for Centerville and the circulation of the petition to have the paving of the main street continued to the curbs featured the meeting of the Centerville Service Club at noon today with President F. T. Dusterberry in the chair as officer of the day.

The organization adjourned until the first Thursday in September.

No decision was made on the matter of the sign and it was reported that the property owners approached seemed to be willing to organize the Improvement District necessary for the paving of the main street but due to the vacation season with many business men out of town, the required 51 per cent had not been solicited.

LISTENING IN.

Not long ago we heard somebody criticizing The Register for a typographical error. Reminds me of the paper that printed regarding an important wedding, "The noses of the bridesmaids were pink." The father of the bride demanded an apology, so the next week the paper carried this: "We apologize for the mistake. What we meant to say was that the roses were punk."

In defending newspapers against the criticism that they are responsible for much of the evil in the world, the "Editor and Publisher" has: "The ugly spots in the world are not the faults of the newspapers. SCHEDULE FOR APRICOTS AND PRUNE PRICES

Association Announces New Ratings for 1928 First Payments

Announcement of the schedule of first payment advances to be made to grower-members of the California Prune and Apricot Growers' Association immediately after delivery of their 1928 crop dried apricots comes following a meeting of the executive committee of the association at San Jose, June 22.

Comparison of these payment advances with those made growers on their 1927 apricot deliveries to the Association show increases of from one-half of a cent per pound to two cents per pound in first payments. These raises are justified by the fact that the 1927 advance payments were made on an ultra conservative basis rather than by any prospects for an increase in the market value of this year's fruit.

No first payment advances on off-grade apricots have as yet been announced.

The subdivision of the equality classification into "A" and "B" grades is designed to take care of a rather wide variation of the quality previously pooled under the one standard.

The schedule issued by the association follows:

	Sunsweet per lb.	Equality "A" per lb.	Equality "B" per lb.
Standards	5½c	4½c	4 c
Choice	8 c	7 c	6½c
Fancy	10 c	9 c	8½c
Extra Fancy	12 c	11 c	10½c
Fancy Moorpark	12 c	11 c	10½c
Ex. Fcy. Moorpark	13 c	12 c	11 c

No. 1 Slabs 4 cents per lb.

RODEO OFFERS TO GIVE PARK TO LEGION MEN

Should Bring Income Of $20,000 Yearly For Service Men

What may prove to be a source of income of $10,000 or $20,000 per year for the American Legion Post at Livermore was introduced at the noon luncheon of the Lion's Club there last Thursday, when M. G. Callaghan. secretary of the Livermore Stockmen and Rodeo Association Association, offered to the Legion the Rodeo park for their use and ownership, and as a memorial to fallen heroes.

With the completion of this year's rodeo to be held July 1-4, all indebtedness on the park will be paid. With proper management, according to Mr. Callaghan, the property should bring in an annual income of nearly $20,000, and it is the desire of the rodeo association that the legion use such money for carrying out their war-orphan or disabled veterans' philanthropic programs.

In a hard fought game ending to 5, the Kraft boys were defated by the Foreign War Veterans Team of Oakland, Post 1010.

It was a good game, a hard game and well played—a double play in practically every inning. Runs were few and far between. Both pitchers pitched fairly good ball, although Loui Brazil of the Kraft team was somewhat lacking in control.

Next Sunday, July 1, the Kraft team will play Newark, at Newark, This will be the first game of a three-game series. Don't miss it.

RIN TIN TIN HERE ON FIFTH OF JULY

Good news for the children is contained in the announcement for the Niles theater stating that Rin Tin Tin, the unsurpassable favorite of juveniles, will be seen in "A Dog of the Regiment" on Thursday, July 5.

Fourth of July will be celebrated by "The Wild West Show," starring Hoot Gibson. There will be two complete shows, the first at 6:15 and the second at 8:15 p. m.

This evening Bert Lytell in "Alias the Lone Wolf," Saturday, Hobart Bosworth in "The Blood Ship;" and Sunday and Monday, W. C. Fields and Chester Conklin in "Fools for Luck."

NAUGHTY BUT INTERESTING.

Mr. and Mrs. Norman Parks, and their guests, Mrs. Gillian Parker and daughter, Pharlee Parker, spent Monday in San Francisco. That evening they witnessed the Hubert production at the Curran theater, "A Night in Spain." They speak of the play as extremely spectacular, and compellingly interesting in its daring invasion of the conventional.

how the conference came out, but it is intimated to us from high sources that the late errand boy for the Mexican interests, got pushed in the face and told to beat it home, and mind his little cabbage patch. And we think that is about the straight of the thing. Richardson is a dead goose, and everybody knows it but the late lamented governor, who has been riding the newspaper boys to death for a decade. A good many years ago, this intellectual nat with the gall of a gypsy fortune teller, got the public office itch and has had it ever since.

Playing god father to the California Editorial association, Richardson has inveigled that body of splendid men to take up his political fortunes as their own, on the specious plea that he was their friend. It has taken a long time for many of the knights of the quill to penetrate his hypocritical protestations of journalistic loyalty and fealty but in the last campaign the newspaper boys began to cut their eye-teeth so far as "Friend" Richardson was concerned, and he didn't get much support from that source.

Since the day he was dropped, and dropped hard out of the official Sacramento sky, although he has been shoving for nose room at the public trough, he has been practically ignored.

A tough life, we'll say.

For even Mister Harry Chandler has seemingly booted the political relic Richardson from his private office, and his credentials which gave him contact with that Croesus of the South have been torn up and tossed into the ash can, where they rest as a mute testimony of the fate awaiting the man who forgets his public trust to fawn at the feet of the lustfully wealthy.
